Supervisor Burke made the following statement:

“This motion is an amendment to the proposed contract extension for gang-intervention services in the Watts/Inglewood areas. The County currently contracts with various community-based organizations to provide gang-intervention services to at-risk and probation male and female youth, and gender-specific services to females in the community under the Juvenile Justice Crime Prevention Act. The Second Supervisorial District has not had a contract for gender-specific services since November 14, 2003, due to the termination of the agency originally contracted to provide the services. The Stop the Violence, Increase the Peace Foundation is currently providing gang intervention services to youth in the Watts/Inglewood areas. Such services include services to both males and females.”

After discussion, on motion of Supervisor Burke, seconded by Supervisor Knabe, unanimously carried, the Board adopted the Chief Probation Officer's attached recommendations and added an additional \$64,540.00 to be allocated to Stop the Violence, Increase the Peace Foundation to provide increased gang-intervention services, with a gender-specific focus, for the Second Supervisorial District for the period of November 1, 2004 through January 31, 2005.
